Municipal High School at Malvalli.

READ—

Government Order No. D. 13775-78—Edn. 1000-27-5, dated 30th June 1928, sanctioning the opening of Municipal High Schools at Dodballapur and Sagar.

2. Letter No. C. 1749—L. B. 28-29, dated 13th June 1929, from the Deputy Commissioner, Mysore District, requesting sanction to the opening of a Municipal High School at Malvalli.

3. Letter No. A3-4032 of 28-29, dated 14th June 1929, from the Director of Public Instruction in Mysore, recommending sanction to the opening of a High School at Malvalli.

ORDER NO. D. 96-99—EDN. 1177-28-2, DATED 4TH JULY 1929.

The Deputy Commissioner, Mysore District, and the Director of Public Instruction have, in their letters read above recommended, for the sanction of Government, the proposal of the Municipal Council of Malvalli and the District Board of Mysore, for opening a Municipal High School at Malvalli, on lines similar to those of the recently sanctioned Municipal High Schools at Dodballapur and Sagar. The Director of Public Instruction considers that Malvalli, which stands third among all the taluks in point of population and first in point of school-going population and which has eight Middle Schools, is very favourably situated for a High School, and adds that the opening of a High School there, will obviate the necessity of opening more sections in the High Schools in the Mysore City. The local bodies have come forward with proposals to open a High School at the place.

2. In according sanction to the opening of High Schools by Municipal Councils, Government have not only considered the ability of the local bodies to fulfil their responsibility in respect of such institutions but have also insisted on certain conditions calculated to ensure the permanence and the satisfactory working of the institutions. These conditions are briefly:—

(1) The Department of Public Instruction should have the same control over the Municipal High School as over the other Aided High Schools in the State.

(2) The School should be under the management of a Committee consisting of the Deputy Commissioner, the Deputy Director of Public Instruction, the District Educational Officer as *Ex-officio* members and a few non-official representatives of the local bodies who contribute towards the maintenance of the School.

(3) Fees have to be levied at rates not lower than those in Government High Schools, and the free studentships allowed need not be more than 10 per cent of the strength of each class.

(4) The local bodies should provide a suitable building for the school for which no grant will be paid by Government.

(5) They have to deposit a sum of Rs. 5,000 to ensure financial stability.

(6) They have to meet a half of the cost of initial equipment, the other half being borne by Government; and they are also responsible for meeting recurring expenditure with the aid of the Government grant which is fixed at a half of the net expenditure, subject to a maximum of Rs. 50 per month per form.

3. These conditions have been agreed to in the case of the proposed High School for Malvalli. As regards accommodation, it is proposed, as a temporary measure, to hold the School in the Town Hall, till a permanent building is constructed and it is stated that early steps will be taken to provide a permanent building at a cost of not less than Rs. 10,000 and that a substantial portion of this amount is already available and that the balance can be readily collected. The Deputy Commissioner reports that the Municipal Council is in a position to meet its share of the expenditure under the scheme outlined above.

4. In these circumstances, Government are pleased to accord sanction to the opening of a Municipal High School at Malvalli, subject to the conditions indicated in para 2 above. Of the initial expenditure of Rs. 6,000 the Government will contribute Rs. 3,000 and the remaining sum of Rs. 3,000 will be met out of the funds of

the Municipal Council of Malvalli. The recurring expenditure of this school assuming that only IV and V Form classes would be opened to begin with will be Rs. 4,556 for this year as per details given below:—

		Average cost per mensem
One Head Master on	100—5—150	133 1/3
Two Assistant Masters	40—4—60	106 2/3
One Pandit	30—2—40	36 2/3
One Drawing Master and Clerk ..	30—2—40	36 2/3
Allowance to Urdu Munshi ..	..	10
Two Peons on Rs. 10 each ..	..	20
Provident Fund Contribution ..	..	20
Contingency	..	8
	Rs.	371 1/3 per mensem or Rs. 4,456 per annum
Add for purchase of books for the library and renewals in the laboratory		100
		Rs. 4,556

The District Board of Mysore have agreed to contribute one half of the recurring expenditure devolving on local bodies, and the Deputy Commissioner conveys the assurance that the Municipal Council will contribute the balance. Allowing for an expected fee income of Rs. 1,368 and a Government grant of Rs. 1,200, the balance to be borne in equal proportions by the District Board and the Municipal Council will be Rs. 1,988. Government are pleased to sanction this expenditure in the proportions indicated above. The Government share both of the non-recurring and recurring expenditure will be met out of the unutilised provision of Rs. 5,000 made for the deputation of Mysore Scouts to the Imperial Jamboree.

5. The Deputy Commissioner is requested to take prompt action in regard to the deposit of the sum of Rs. 5,000 to ensure the financial stability of the school.

6. The proposal to hold the High School in the Town Hall, as a temporary measure, is also approved; but Government desire that early steps should be taken to construct a permanent building.

7. The Director of Public Instruction is requested to constitute a Committee of Management to the School at a very early date.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Municipal High School at Hole-Narsipur.

READ—

Letter No. A3-5480—28-29, dated the 16th June 1929, from the Director of Public Instruction in Mysore, recommending sanction to the opening of a Municipal High School at Hole-Narsipur from the current school year due provision on account of the Government share of expenditure being ordered to be included in the Budget of the next year.

2. Correspondence ending with letter No. C. 23 (*c*) 26-27, dated the 16th June 1929, from the Deputy Commissioner, Hassan District, in the matter.

3. Government Order No. D. 96-99—Edn. 1177-28-2, dated 4th July 1929 sanctioning the opening of a Municipal High School at Malvalli.

ORDER NO. D. 100-103—EDN. 1213-28-6, DATED 4TH JULY 1929.

The Director of Public Instruction reports that the opening of a High School at Hole-Narsipur will serve the needs of the Middle Schools at Hole-Narsipur, Channarayapatna and Arkalgud and also of the Middle Schools in a few neighbouring places in the Mysore District. The conditions under which the sanction of Government is accorded to the opening of a Municipal School on a Grant-in-aid basis have been set forth at length in Government Order No. D. 96-99—Edn. 1177-28-2, dated 4th July 1929, sanctioning the opening of a Municipal High School at Malvalli.
